## *Bark "Kathleen"*

(photo loaned by Albion Stone)

The whaling Bark Kathleen will be featured on a new cacheted envelope to be issued in conjunction with the Southeastern Massachusetts Philatelic Exhibition to be held in New Bedford March 31 and April 1.

The Kathleen had a spectacular and most unusual history which may have inspired the classic "Moby Dick". She was rammed and sunk by an angry whale on March 17, 1902. The 205 ton vessel went down 1000 miles east of the West Indies. All her crew survived after taking to her whaleboats. One boat took 11 days to reach Barbados. This story will be included on the 3-color cacheted envelope.

## Tuba Virtuoso

FEATURED IN FINAL SYMPHONIC CONCERT

The final performance of the Regional Symphonic Band for this season is history - exciting history for the performers and the many who enjoyed their efforts. This appearance featured two very talented musicians. Chester Schmitz pleased the audience with his mastery of the tuba as featured soloist. Mr. Schmitz, principal tuba player with the Boston Symphony Orchestra, demonstrated a mastery of his instrument that astonished his audience. Mr. Schmitz soloed in the "Carnival of Venice" with a facility range and tone usually associated with lead instruments such as the trumpet. His intricate passages were embellished with triple-tonguing demanding great breath control. The mellow tone and octave range of his instrument is rarely heard in a tuba performance.

Piccolo player, George Dietzer, a member of the Regional Symphonic Band, shared the spotlight as his fellow performers joined him in the unveiling of two of his original compositions, "Sol de Manana" and "Urus An Lienz", both marches. These selections proved to be polished and high-

# LITTLE BAY SALUTES Girl Scout Week

A very Happy Birthday to the Girl Scouts of America!

From a troop of twelve girls directed by Juliette Gordon Low, the Girl Scouts have grown to an organization of millions, working to become happier, more resourceful individuals. Girls of all ages in our community are engaged in the increasingly more varied programs offered to them as scouting keeps up with the times. Our hats are off, too, to the leaders for their unselfish sharing of time, energy and guidance.

The band performed admirably throughout the balanced program under the direction of John Pandolfi. The program climaxed with selections from "No, No, Nanette", a showpiece of the thirties that retains a fresh sparkle that is pleasurable and timeless.

John Atkinson, the voice of the band, provided the commentary and the introductions in his own enthusiastic, inimitable style.

## Flood Plain Maps

The Department of Housing and Urban Development has sent copies of maps designating the Flood Plain areas of Mattapoisett to the Town Hall where they will be on file and available to the public to inspect. These maps delineate the Flood Plain areas in a very general way since they use the nearest street or road as boundaries. Because of this method, areas that have never been flooded are included

### Town Warrant, Mattapoisett

#### 98 ARTICLES TO BE CONSIDERED

Ninety-eight articles will be included for consideration by Mattapoisett voters in the annual Town Meeting to be held April 2, 1973. A change suggested by Mr. George Hall, executive secretary to the Board of Selectmen, will be welcomed by all. Each article of the warrant will be identified by a heading so that the content of that article is clearly and immediately apparent. This will save wading through legal headings in a search for the subject.

Major items in this warrant, apart from town government costs and school expenses, are recommendations for the new Sanitary Landfill Dump and recommendations by the Water Pollution Abatement Committee for a sewer system. Zoning change recommendations span Articles 13 through Article 30. Article 31 is a proposal to adopt a completely new law to establish a Soil Conservation Board and establish regulations for the removal of soil, loam, sand, gravel, clay or quarrying of stone in the town. This is a lengthy article because it sets forth the complete law for setting up the Board, regulations for application for permit, bond requirements, fees, administration and sets a system of fines for violations.

Article 61 proposes that the town increase the number of members of the Board of Selectmen from 3 to 5 members.

The Sanitary Landfill Dump is the substance of Article 37 which asks for an appropriation of \$9,000. to complete the surfacing of the access road to the new dump site. Article 55 asks for the sum of \$11,000. from the 1972 Revenue Sharing Funds to close the old dump according to the requirements of the State Department of Public Health. Article 56 asks for an appropriation of \$900. to install the bounds of the town layout of the Sanitary Landfill Access road. Article 57 asks an appropriation of \$22,000. to construct a building on the landfill site, supply power, water and sanitary facilities and all necessary equipment. Article 54 seeks a vote to rescind a bond issue authorizing \$46,350. toward the purchase of a bulldozer for the landfill dump and instead seeks a vote to appropriate that sum from the 1972 Revenue Sharing Funds.

The Water Pollution Abatement Committee seeks appropriation to construct Phase I of a proposed sewer works that would tie in with the Town of Fairhaven treatment plant. Article 67 is a proposal for the planning and construction of a sewage works in the boundaries of the Town of Mattapoisett. Article 68 seeks authorization of the Board of Selectmen to act as sewer commissioners. The Finance Committee recommends disapproval of these Articles, 66 through 68.

According to estimates given in a report by the Water Pollution Abatement Committee, a sewage system with a trunk line to Fairhaven and tied into the Fairhaven treatment plant would cost \$3.6 million. Mattapoisett's share of that would be between \$1.2 million and \$1.5 million depending on

available State aid. This system would be designed to provide service to the densely populated village area. The operating cost for such a system would be shared with Fairhaven.

The estimate for the small treatment plant located in the Town of Mattapoisett and the replacement of sewer lines on North and Barstow Streets would be approximately \$800,000. The report lists a number of problems connected with an in town plant, the chief of which is location. The site would have to be north of Route 6 between North Street, Route 195 and the Marion town line. The site would have to conform to the Department of Public Health requirements for percolation and room for growth. Such a system, if approved, would have to be wholly financed by Mattapoisett and would serve 75 homes.

Other major items in the warrant involve water supply. Article 70 - to improve the water supply to Mattapoisett Neck Road. Article 71 - to supply water to Brandt Beach. Article 72 - to supply water to Neck Road south from Molly's Cove to the stone pillars at the entrance of Antassawamock and over Harbor Road and the town owned section of Ocean Drive. Article 73 - water supply to Acushnet Road north from Dexter Lane to Long Plain Road along Long Plain Road to Wolf Island Road. Article 74 - water supply to Old Hammondtown School for 800 feet of 8" pipe along Tallman Street.

Article 75 - Pumping Station Building for a booster pumping station, original pumping station equipment and land.

The Finance Committee recommends adoption of Articles 70, 71 and 75 for a total of

Sports Boosters Club's annual Cuttyhunk Dinner to be held Friday, March 23rd, at the Harbor Beach Club. Dancing will follow this delicious dinner, proceeds of which will benefit student athletes at Old Rochester Regional High School. This year marks a special goal for the Boosters, a \$1,000. mark in scholarship donations. As in the past, these scholarships are available to any student at Old Rochester, male or female, who has participated in any one sport on a varsity level during his or her high school years.

The Boosters' Club has come a long way in many respects since first initiated in 1962. However, a \$200. scholarship to a student athlete, blazers for graduating seniors who had lettered in a varsity sport for 3 years, banquets, one in the Fall for the football team and one in the Spring for baseball, basketball and track teams, and many trips to collegiate football games were started by this group of hard working people.

Until 4 years ago the Boosters Club was primarily a football Boosters Club with interest in 3 other sports considered major,

In 1967 the annual Cuttyhunk Dinner was started and proved to be an enormous success, not only as a pleasure for those attending but to raise money for the club in its efforts to donate whatever seemed most needed and to award scholarships to deserving students. ## Good news for crabgrass haters!

If you had crabgrass last summer, you can prevent it this year by spreading Scotts HALTS PLUS *For Established Lawns*. Spread it on your lawn in late winter or early spring, and it sets up a barrier that will prevent crabgrass from showing its ugly head this year. Halts Plus fertilizes your lawn at the same time. Makes your grass grow thicker, greener, sturdier. All from a single application.

#### CRUSADE CHAIRMAN IN ROCHESTER

Mrs. Arthur L. Kenney of Rochester will serve as 1973 Cancer Crusade Chairman in Rochester. The announcement was made by John T. Driscoll, chairman of the Massachusetts Transit Authority, and 1973 Chairman of the Massachusetts Cancer Crusade.

Mrs. Kenney is a Sales Supervisor at McLellan's in Wareham. She is the former Hazel E. Geggatt. She and her husband reside on Hartley Road in Rochester.

Mrs. Kenney has served as Crusade Chairman for Rochester since 1970, and has found the time to do an outstanding job.

"Mrs. Kenney knows Rochester and its people and cares about them," Mr. Driscoll said. "She also knows that what they don't know about cancer can hurt them. The American Cancer Society Crusade is marching to fight cancer with public awareness, and that's why she has volunteered as Town Chairman for the 1973 Crusade."

#### YWCA NEWS

Mr. Z. Walter Janiak, director of New Bedford Vocational High School, will speak on "Vocational Education" at Wednesday's Weekly Luncheon at the New Bedford YWCA March 21st.

A graduate of the school where he has been director since 1958, Mr. Janiak received his baccalaureate degree from Holy Cross College and his Masters in Education degree from Bridgewater State College.

In a group of 40 administrators, Mr. Janiak was one of two vocational educators selected by Dr. Owen B. Kiernan, executive

director of the National Association of Secondary School principals, to visit schools in Moscow, Leningrad and Minsk and also in Budapest and Copenhagen to take a survey of education concepts of these cities and countries.

The informal luncheon, ready at 11:45 does not require YWCA membership nor reservations, and the public is cordially invited to both the luncheon and the program at 12:15 P.M.

Dr. Julie Cleare Maxwell, assistant professor of Psychology at Southeastern Massachusetts University and consultant to the Fall River School Department, will speak on "Sexual Myths" March 20th at the YWCA in the first session of a series of four programs scheduled on successive Tuesday evenings for the presentation of general information and discussion on the subject of Human Sexuality. Specific topics will be considered each week from 7:30 to 9:00 P.M. "Contraceptives" will be the subject on March 27th.

The series, sponsored by the Young Women Committed to Action of the YWCA, is a public service program open to young people, men and women who are interested.

The Rev. David O. Rankin, minister at the First Unitarian Church, New Bedford, will present the views of the clergy, relating counselling on the subject as it pertains to the psychology of the male and female. Other subjects to be considered in the other sessions are Venereal Disease and Understanding the Homosexuals. Speak-

ers will be announced each week.

A new class for Water Babies is starting at the Y on Tuesday, March 27th, at 4:30 P.M. Recommended age is 3 years but younger children are accepted. Call 999-6201 for full information.

Tiny Tots swim classes for boys and girls is starting on Tuesday, March 27th, at 4:00 P.M. and on March 28th at 2:00 P.M. These children will be 45-48 inches tall, and not tall enough for regular beginners' classes. Special care and instruction will be provided. Call 999-6201 for details.

Evening golf classes for men and women will be offered in the new spring term at the New Bedford YWCA. Class will start April 9th. Call 999-6201 for details. Register now.

Mrs. Flora (Corry) Azar will be featured in the Lebanese dance at the 9th annual Community Show at the YWCA on April 8th at 3:30 P.M. The two-day event begins on Saturday, April 7th, at 11:00 A.M. and continues on Sunday from 1 to 6 P.M.

The Lebanese dance, the traditional dance of Lebanon, is done in one's own natural ability. It is sometimes accompanied with the clapping of hands in unison with the music. The movements are simply rhythmic along with the stomping of the feet.

Theme of this fund-raising project for the general purposes of the YWCA is: A Time of Hope.

## Victorian Humor Scores

### FELLOWSHIP IN CLASSIC

The period comedy "The Importance of Being Earnest" was dusted off by a group of thespians from the Senior High School Fellowship of the Mattapoisett Congregational Church on Thursday and Saturday evenings as they uncovered gold in the heirloom. Oscar Wilde was looking at a different world in 1895 when he zeroed in with the keen dart of his pen to pink the fashionable dillettantes of that era. That young people can look back 100 years and pick up the mood and humor of Wilde is a bit wild indeed. The elaborately embroidered English is so strange and the humor so subtly entwined that rapt attention is required to follow the comedy. Yet, these actors and actresses deserve a low bow for not only pulling it off but for doing it well.

Mahlon Peterson and Jeff Dunn portray two gentlemen of the period whose usefulness can be judged by a line from the script. The two are asked if they smoke. When they reply that they do, Lady Blackwell replies, Good, I do so hate to see young gentlemen with no occupation. The butterfly existence of the British upper class is the fabric of the play. Valerie Putman and Harlene Fearing play the feminine objects of the gentlemen's affections. They make admirably clear how it was that the British survived the Victorian era. These girls are resilient spring steel and as practical. Seventy-five years before Women's Lib these lovely "flowers" ruled without ever letting their dull males realize the fact.

Merryllynn Stephan did a haughty Lady Blackwell and Ben Dunn was a bit of a riot as an Amazonian governess who literally sweeps Vicar Arthur Blackburn off his feet. Mark Harris and John Hinman portrayed the gentlemen's gentlemen in perfect style. The vain and silly existence of the 1895 upper crust is a long vanished phenomenon and yet parallels are still to be found in contemporary life. The darts still strike home and the chuckles come on cue. The Senior High Fellowship, under the direction of Mr. and Mrs. Charles B. Dunn, can display this antique with pride and nostalgia as

### 'Once Upon a Mattress'

O.R.R. ANNUAL MUSICAL

Once again the O.R.R. Auditorium will be filled with laughter and song as O.R.R.H.S. presents the musical comedy "Once Upon A Mattress". Carol Burnett originally starred in this comedy by Jay Thompson, Marshall Barer and Dean Fuller, with music by Mary Rodgers. This production will take place next weekend on Thursday, Friday and Saturday, March 22, 23 and 24 at 8:00. The play takes great liberties with the fairy-tale "The Princess and the Pea" and becomes a medieval romp of dance and song. Prince Dauntless, played by Joel Hartley, is unmarried and "Throughout the land no one may wed 'till Dauntless shares his marriage bed". As expected all the courtiers are anxious to get him a bride, with Sara Woodcock and

her other headaches, such as King Sextimus, Peter Gaucher, chasing all the castle wenches. King Sextimus also has a problem. He has a spell cast on him which states, "King Sextimus will never talk until the mouse devours the hawk". Well, along comes an unseemly heroine, Princess Winnifred the Woebegone, known by her friends as 'Fred'. She is played by Sally Jones. All the shenanigans which go on in the castle make up a hilarious musical. Adding to the fun are Mark Harris as the court jester, Jeff Dunn as the minstrel, and Scott Atkinson as the wizard and confidante to the Queen. Make sure you have either the 22nd, 23rd, or 24th free. Come along and maybe, like Dauntless, you'll find yourself "In Love with a Girl Named Fred!"
